BPMN Editor

The screenshot displays the Alfresco Forms Editor interface. At the top, the navigation bar shows 'Processes' and 'Forms', with a 'Forms' tab highlighted. The user's name 'Paul Hampton' is visible in the top right. The main workspace is titled 'Warranty Claim' and shows a form design in 'Design' mode. The form includes fields for 'Client Name*', 'Case Number*', 'Reported Problem', 'Item Number', 'Description of Fault', 'Purchase Date', and 'Warranty' (with radio buttons for 'Within warranty period' and 'Outside warranty period'). A 'Supporting Documents' section is also present. A left-hand toolbar lists various form field types: Text, Multiline text, Number, Checkbox, Date, Dropdown, Typeahead, Amount, Radio buttons, People, Group of people, Dynamic table, Hyperlink, Header, Upload, Display value, and Display text. A 'Forms Library' popup window is open, showing a search bar and a list of forms: 'Employee Onboarding', 'Fault review', and 'Warranty Claim'. A 'Forms Editor' label is overlaid on the bottom center of the main workspace.

Decision Rule Editor

The screenshot displays the Alfresco Activiti Process Analytics interface. At the top, the 'Process Analytics' title is highlighted. The main content area is divided into two sections: 'Process definition heat map' and 'Process heat map'. The 'Process definition heat map' section shows the process definition 'Warranty Claim (v 2)' for the date range '2015-04-21 - 2015-04-21'. It includes a 'Save this report' button and a checkbox for 'Include all process steps'. The 'Process heat map' section shows a flowchart with tasks and their execution counts: 'Review details' (1), 'Allocate Task' (3), 'Repair faulty part' (2), and 'Send a replacement part' (1). A 'Process Heat Map' label points to this section.
