

HYBRID IS THE NEW CLOUD STANDARD

Ashesh Badani

Vice president and general manager, Cloud Platforms

@asheshbadani

MARKET LANDSCAPE FOR HYBRID CLOUD

CHANGE IN THE CLOUD IS HAPPENING EVERYWHERE

PRIVATE CLOUD

PUBLIC CLOUD

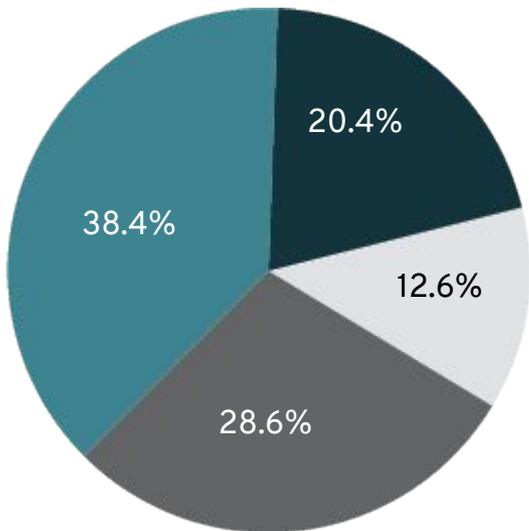

TELCO CLOUD

EDGE CLOUD

HYBRID CLOUD IS REAL AND GROWING

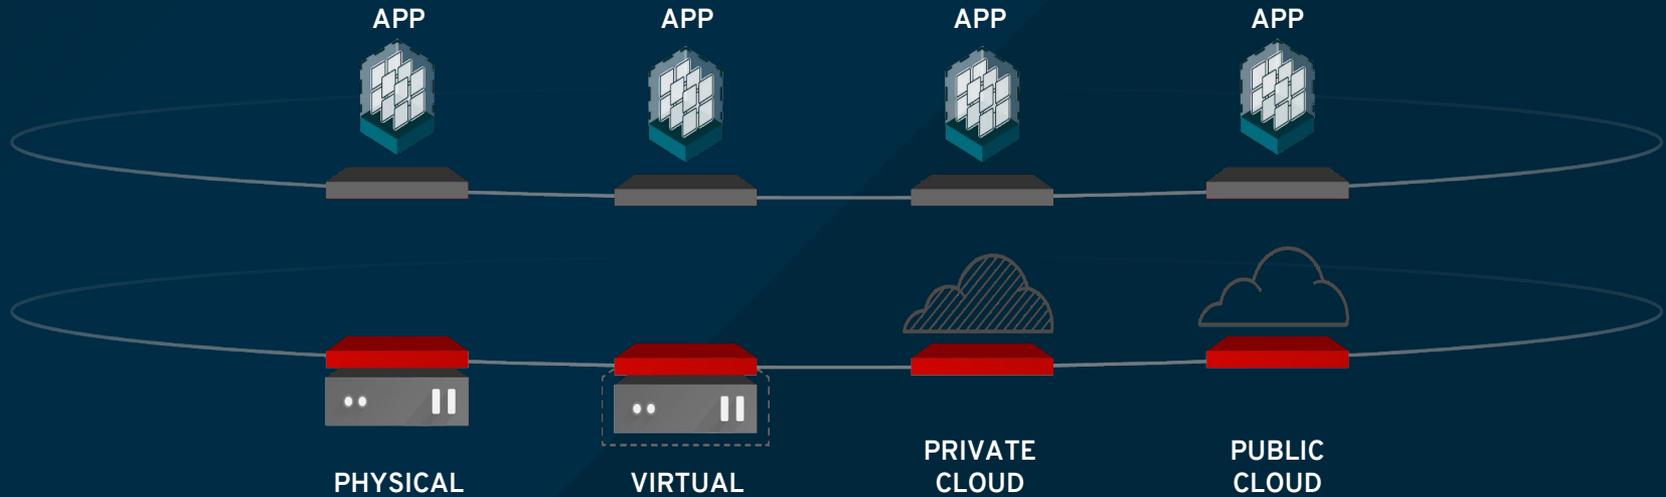

Nearly 62% have or will have multiple cloud environments

How will organizations use different cloud environments in the next 2 years?

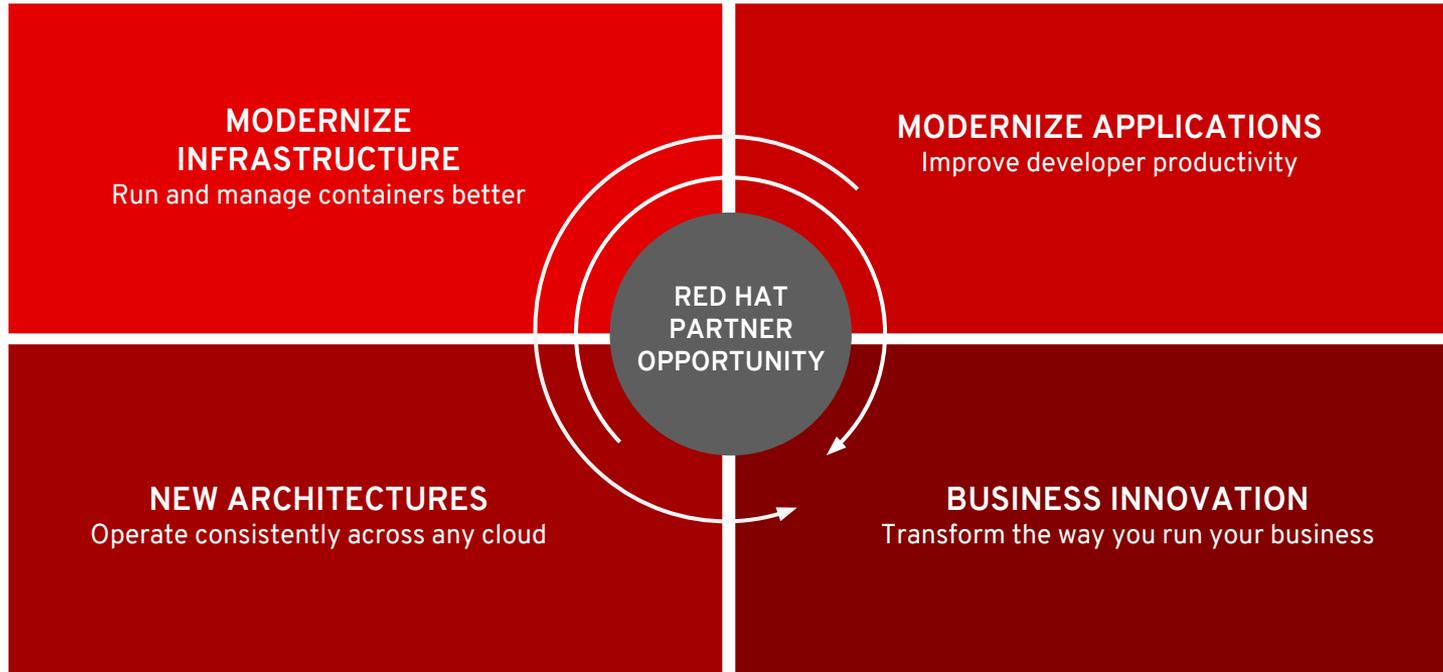

- Will focus primarily on a single cloud environment
- Will have **multiple 'different' cloud environments**, but little-to-no interoperability between the environments
- Will have multiple cloud environments to **migrate workloads or data between cloud environments**
- Will have **multiple cloud environments** where the **delivery of a single business function** across the different cloud environments is seamless

HYBRID CLOUD CHALLENGES

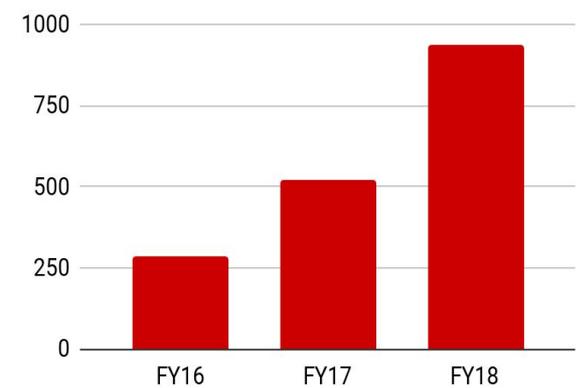

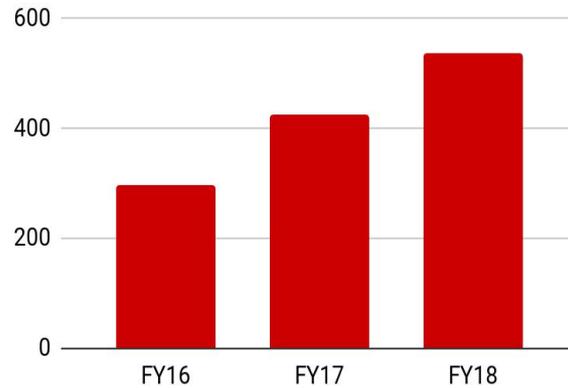

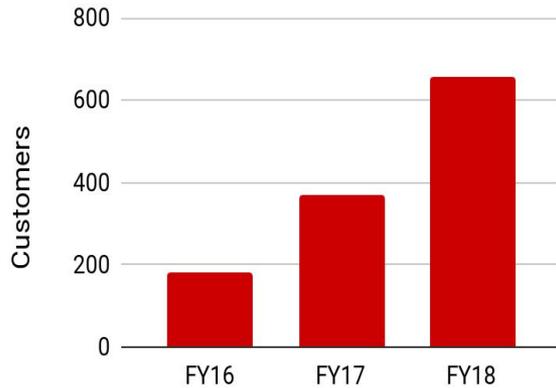

LEGACY APPLICATIONS | APPLICATION PORTABILITY | LACK OF AUTOMATION
INCONSISTENT OPERATIONS | INCONSISTENT SECURITY | INCONSISTENT DEV-UX

HYBRID CLOUD IMPACTS EVERY DECISION MAKER

CUSTOMER ADOPTION OF EMERGING TECHNOLOGIES

Source: Company subscription data. CAGR is from FY16 to FY18

An aerial night view of the Singapore skyline. The Marina Bay Sands hotel is prominent on the left, with its three towers and skybridge illuminated. In the foreground, the Esplanade - Theatres on the Bay is visible, along with a large, illuminated fountain. The city's skyscrapers are lit up, and the water reflects the lights. A red banner with white text is overlaid in the center.

ENABLING SUCCESS IN HYBRID CLOUD

CRITICAL AREAS OF HYBRID CLOUD SUCCESS

Simplify
the cloud experience
everywhere

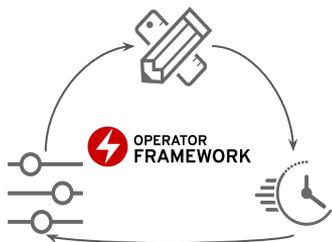

Enable
cloud consistency
everywhere

Balance
innovation and
cost reduction

Empower
access to new
cloud services

SIMPLIFY THE CLOUD EXPERIENCE EVERYWHERE

Making hybrid cloud as simple as public cloud

- Over-the-air software updates
- Day 1 and Day 2 automated operations
- Operator framework for ISVs
- Red Hat® Container Catalog and operator marketplace

ENABLE CLOUD CONSISTENCY EVERYWHERE

RED HAT® OPENSIFT®

**RED HAT OPENSTACK®
PLATFORM**

CLOUD IaaS

**RED HAT OPENSTACK®
