

# Red Hat Summit Connect Madrid 2023

Development speed in banking

# How fast does a bank develop in comparison to fintechs?

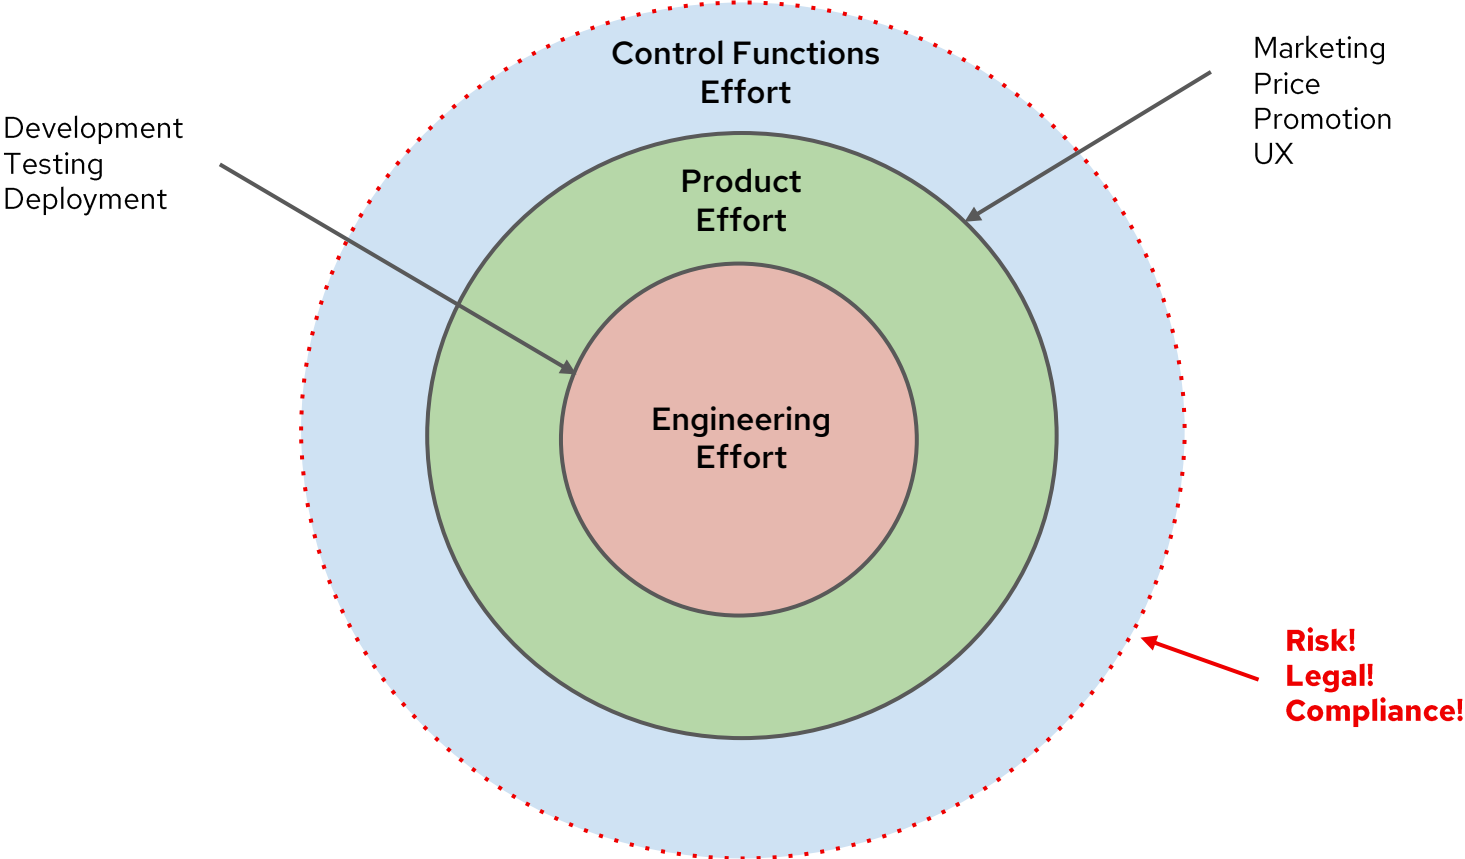

## Mobile (iOS) Releases

For largest US banks, Canadian banks and global FinTechs

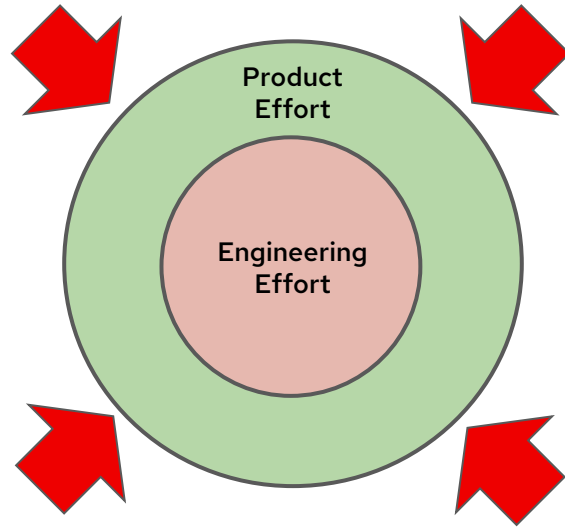

*Example: FinTechs are releasing 52 times/year vs 17 times/year for banks*

# Will banks create at the same velocity as fintechs?

# What banks do to create faster

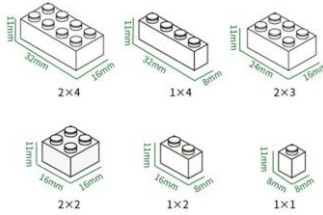

Agile methodology

**Development platform**

# Application development platform

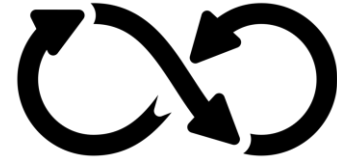

Developer experience: As a developer I want...

Of the shelf  
resources

**Code!**  
...With the tools I like

Automated (...or invisible  
& immediate) testing  
and deployment

# Application development platform

Developer Productivity: As bank I want...

Agile development  
onboarding

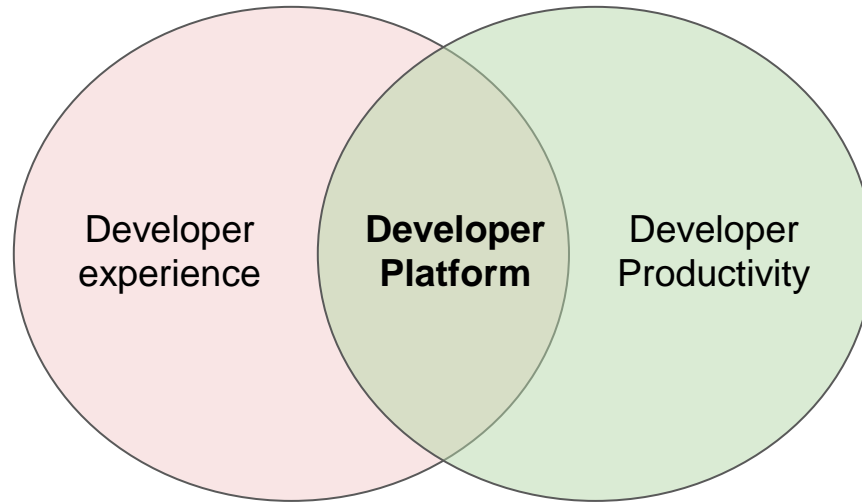

Simplify  
architecture

Automate  
operations

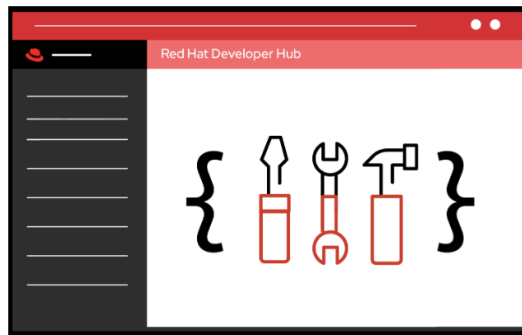

Delivering quality SW efficiently and at speed!

# Application development platform

# Bringing the platform to the developer rather than the developer to the platform

- Software Catalog
- Plugins
- Software templates
- Tech Docs
- Search

## Tools

Decrease  
developer friction

Simplify  
onboarding

Customizable and  
repeatable Golden  
Paths

System &  
application  
docs

Support journey to  
cloud native  
development

Increase  
engineering  
productivity
